## Pahokee - Canal Point Hospital Facilities Inadequate

### Thomas Chancey Lowest Bidder On 4 Miles Ramie Road At \$101,935.00

The County Commission on Monday received bids on four miles of Ramie Road, to be built north from Airport Road in Belle Glade to connect with 2½ miles recently built by the county, and another mile and a quarter to be rebuilt by the county which will connect with Connors highway six miles east of Canal Point. Thomas J. Chancey of Belle Glade was low bidder on the project at \$101,935.

Bidders on the road were:

Thomas Chancey	\$101,935.00
Rubin Con. Co.	127,150.50
Cleary Bros.	107,300.00
Crabtree Con. Co.	139,490.00
E & I, Inc.	111,592.00

Last fall the county forces built 2½ miles of new rock road from the ramie mill south. In the immediate future the county will rebuild the 1¼ mile of road south from Connors Highway to connect with the 2½ miles at the ramie mill.

Construction of this complete county highway will open up thousands and thousands of acres of muckland not heretofore available for farming purposes. County Commissioner Rardin would not venture a guess as to the completion date because of the weather to be experienced before the 120 days allotted for the work roll around.

### Peak Corn Season Expected In Week

The "closest thing to a peak shipping period" the Glades spring sweet corn deal is likely to have is expected to begin next week, according to several major shippers surveyed.

But, judging from these shippers' comments, there won't be any volume peak such as has been experienced in past years. The increase will be so slight it will hardly be noticeable.

Plentiful supplies of the sweet corn, carefully packed in wire-bound corn crates and pre-cooled to insure good arrival condition at the market, have been available for the past two to three weeks.

"There'll be a slightly higher volume the first two weeks of May than we've been having the last couple of weeks," states Luke Fraser, general manager of W. H. Vann, Inc.

John Whitmore, sales manager for Everglades Growers Cooperative, agrees. James E. Pearson of A. Duda and Sons notes there won't be any "heavy peak" this spring, and Roy Segree of South Bay Growers, Inc., points to

### Elks Barbecue Is Scheduled Saturday

Members of the Elks Lodge in Pahokee are planning a barbecue on tomorrow (Saturday) starting at noon and running through until 8 p. m. Profits will go to the Hospital Improvement Fund, officials said.

The Elks will charge \$1.50 for adults and children under 12 may get their barbecue luncheon for 75c.

A dance is being planned for the evening hours and Elks are invited to attend with their guests.

### Duda Offers \$2 Ac. 1st Yr. State Land

The State Cabinet Tuesday took under advisement an application for a 25-year lease of 5,765 acres of land eight miles southeast of Belle Glade.

The proposition, made for A. Duda and Sons Inc., by attorney Robert E. Mathews, Jr., was submitted to the State Cabinet Board of Education and Trustees of the Internal Improvement Fund. Total rent for the 25 years would be \$1,671,918.

The firm proposed an option for a 10-year extension after the 25 years at a rent of 4.4 per cent of comparable raw land.

The offer made by the company calls for annual rental of \$2 an acre the first two years, \$4 an acre the third and fourth years, \$6 an acre the fifth and sixth years, \$8 an acre the seventh and eighth years, and \$12.50 an acre the ninth and 10th years. The final 15 years the rent per acre would be \$15.

### Mrs. Glenn Powell Heads Garden Club

Mrs. Glenn Powell was re-elected president of the Canal Point Garden Club at the meeting held April 18. Other officers elected were Mrs. A. H. Scruggs, vice-president; Mrs. C. B. Stringari, secretary, and Mrs. M. C. Carter, treasurer.

A program on the care and growth of orchids was presented by Mrs. James Miller.

It was announced that Lyle S. Hubbard of Fort Pierce will show colored slides of birds which he has taken in South Florida, at the next meeting in May.

In a survey made this week by the publisher of The Everglades News it was found that 91 per cent of the people interviewed were in favor of doing something about the inadequacy of facilities at Everglades Memorial Hospital in Pahokee. This small hospital has served the Pahokee-Canal Point communities for many years and everything owned and operated by the hospital should be updated, replaced or completely overhauled, according to one doctor who has a warm spot in his heart for the hospital and the people it serves.

Interested citizens in the area affected have shown unusual interest in a move to float a bond issue in the amount of \$800,000 with the hope of securing another \$400,000 in federal matching funds with which to build a modern facility adjacent to the present hospital.

On Monday of this week the board of county commissioners approved an idea advanced by hospital supporters in calling a special election on May 28 to determine feeling of taxpayers on the subject of issuing bonds.

Five civic organizations of the area have approved the idea and passed resolutions favoring the bond issue. They are: the Pahokee Elks Lodge, Canal Point Lions Club, Pahokee Lions Club, Pahokee Chamber of Commerce and Pahokee Jaycees.

Only freeholders living within the boundaries of the Northwest Hospital District will be eligible to vote.

Fifty per cent of the total freeholders, plus one, must go to the polls or the vote will not be binding.

The Northwestern District began planning for its own hospital several months ago when a move to merge it with the Southwestern District collapsed after voters in both areas vetoed it.

### Palm Lake Group In Pahokee Meet

The Palm Lake Association meeting was held at the Pahokee First Baptist Church, April 18. Mrs. Guthrie Colvard, wife of the pastor, gave the welcoming address. A skit depicting the 25 years of progress of the Association was written and presented by Mrs. Richard Heller of Riviera Beach. Business was conducted by the group during the morning, and conferences were held in the afternoon.

In keeping with the 75th anniversary of the south wide WMS many of the members attended in costumes typical of the clothing worn when the WMS was organized.

Approximately 135 members attended the meeting. Mrs. Claude Shirley, vice-president of the Pahokee WMS, was general chairman in charge of arrangements.

Mrs. Ernest Lindroese, Jr. has returned home from Miami where she was the house guest of Mr. and Mrs. W. E. Swain for two weeks.

### Retread Jobs And US27 Make Up Glades Share Of SRD 63-64 Budget

#### Palm Beach County Now Has 258,000

Report of a projected census in the 15th judicial circuit which brought both Palm Beach and Broward County an additional circuit judge, showed the two-county population to be 641,700 as of January 1.

In a report to the county commission, the special census committee named by Gov. Farris Bryant to make the count, the population for Palm Beach County was set at 258,000 and for Broward at 383,700.

### Funeral Services For T. C. Clark

Funeral services for T. C. Clark, 62, who died of a heart attack during the night of April 17, at his Alabama farm, were held Sunday afternoon at the Oak Groves Church with interment in the Oak Groves Cemetery.

Mr. Clark, a native of Alabama, had lived in the Canal Point-Pahokee area for 16 years, but had moved with his wife, to their newly purchased farm near Andalusia, Ala. on February 15.

### Woman's Club OK Hospital Bonding

Mrs. Leon Spooner was named chairman of a committee to draw up a resolution, at the luncheon meeting, Wednesday, of the Pahokee Woman's Club. The resolution will endorse the plans for improving the local hospital as presented by the Hospital board and the hospital improvement committee.

The president, Mrs. C. M. Todd, who presided, and the program chairman, Mrs. Glenn Powell, reported on the State Federation meeting they attended, last Friday, at the Biltmore Hotel in Palm Beach.

A report was given on the recent repairs to the windows and the painting of the building.

State Road Department officials this week informed County Commissioner Paul Rardin that two contracts on US27 and several re-tread jobs will total western Palm Beach county's share of the State Road Department budget for the coming year.

One of the much needed re-tread jobs is from South Bay through Belle Glade to Six Mile Bend on SR 80. This piece of road will be re-treaded and the estimated cost is \$150,000.

Brown's Farm Road from Six Mile Bend southeast seven miles will also be re-treaded and the cost of this job is estimated at \$80,000.

Starting at -20 Mile Bend and running toward Belle Glade on SR80 another 5½ miles of road will be re-treaded connecting up with a re-tread job of three years ago. Estimated cost of this job is \$80,000.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The Palm Beach County Commission this week, decided to take a real close look at the county's future needs as to water and sewer service for areas outside municipalities.

A move to seek a legislative enabling act to allow the county to go into the water and sewer business, a motion sponsored by Commissioners Edward Bandlow and George Warren, was blocked by Commissioner Paul Rardin who said the project needed more study.

Commissioner Warren said he would settle for an immediate survey, which the commission was told could be done without a legislative act, to determine what lines the commission should follow if

the survey shows the county should step into the picture.

Based on the study would be to determine future needs, protection of the county's water supply and to pursue the possibility that all subdivision utilities plants be put under a central headquarters.

Both Warren and Bandlow pushed for some type of legislative action on the basis that if a survey showed that the county should take over water and sewer plants, the board should be in a position to act.

The matter was referred to the county legal department for study and immediate report in order that if legislative action was needed, there could be adequate time to advise the special act.

We further express our deep appreciation for the many hours you and other members of the Board have spent on this project and trust that your work will not be in vain. Mrs. Emma McArthur of Jacksonville visited her sister-in-law, Mrs. Adaline Stukes in Pahokee, last weekend. Mrs. McArthur will return to Pahokee, this week, to attend the Spring Harvest Festival.

## Forest Hill Wins Base Ball Crown

For all practical purposes undefeated Forest Hill has locked up the '63 Suncoast Conference baseball pennant as the Falcons blanked both opponents whom they visited last week to maintain a two-game league lead with two games remaining.

The leaders can do no worse now than a pennant tie, that vague possibility should be eliminated Tuesday when they visit ninth-place Pahokee. That pennant-deciding game heads a five-game card planned Tuesday. Other contests are Stuart at Seacrest, Vero at Ft. Pierce, Riviera at Lake Worth and Palm Beach at Belle Glade.

After Tuesday only eight Suncoast games will remain on the spring calendar. One slated Thursday sends Lake Worth to Ft. Pierce, and three more scheduled Friday include Belle Glade at Seacrest, Riviera at Palm Beach and Pahokee at Vero. Saturday Forest Hill is billed at Vero. However, district tournaments start this week and most of the games after Tuesday may be postponed or canceled depending on how the various teams fare in the meets.

Forest Hill clinched the title tie with romps 10-0 at Clewiston and 14-0 at erstwhile runnup Riviera Beach. Ft. Pierce and Lake Worth both won twice to remain tied in the runnerup position. Ft. Pierce walloped Palm Beach 11-2 and Stuart 13-2, while the Trojans edged out guest Stuart 2-1 and then clubbed Seacrest 12-4. Clewiston became first to complete its schedule with a overtime 5-4 loss at Palm Beach Friday. It was Clewiston's seventh straight loss and ninth in its 10 conference games, and was its last Suncoast diamond match. The Tigers have resigned from the conference effective next month.

Standings today:

	W	L	Pct.
Forest Hill	8	0	1.000
Ft. Pierce	6	2	.750
Lake Worth	6	2	.750
Riviera Beach	4	2	.667
Vero Beach	4	3	.571
Belle Glade	4	4	.500
Palm Beach	3	4	.429
Stuart	3	5	.375
Pahokee	1	5	.167
Seacrest	1	5	.167
Clewiston	1	9	.100

## Crossings May Be Closed By FEC

Two unguarded rail crossing over the FEC tracks in the Canal Point area, were taken under study this week by the county commission.

Originally four crossings were in use over the Glades strip of FEC track. Later two were closed by fencing.

*"Today we need a nation of Minute Men . . . .  
citizens who regard the preservation of freedom  
as a basic purpose of their daily life . . . ."*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration  
as the 35th President of the  
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unrelenting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

# Max Beverly Family Chosen "Family Of The Year" In Georgia

**Former Glades Residents Named to High Honor by the Georgia Federation of Women's Clubs.—Mr. Beverly Was Prominent Vegetable Broker Here For Many Years.**

An outstanding honor has been bestowed upon the family of Mr. and Mrs. Max Beverly who formerly made their home in this area. They have been voted "The Family of the Year" by the Georgia Federation of Women's Clubs. Mr. Beverly is the brother of A. D. Beverly, Pahokee, and Mrs. Beverly is the daughter of Mr. and Mrs. H. G. Boynton, Canal Point, and the sister of Joe T. Boynton, Pahokee, and Mrs. Rudolph Faulk, Belle Glade.

An article in a recent issue of the Thomasville Times Enterprise states:

"It takes more than a house to make a home and it takes more than a mother, father and children to make a family. Whatever it takes, Mr. and Mrs. Max Beverly and sons, Joe and Ken, of Ochlocknee have found the answer. Theirs is the family chosen by the Georgia Federation of Women's Clubs as the State's Family of the Year."

"This is a close knit family. For years they have worked together, played together, transacted their business as a family group, and all have been faithful and active in the worship of the community. They are four of Ochlocknee's best citizens and four of Thomas County's most outstanding residents."

"Since moving to Ochlocknee in 1954, Mr. and Mrs. Beverly have maintained a real closeness with their sons, but now that the boys are young men, they realize that they will live their own lives and are determined to give them free rein to do so. Mr. Beverly brought his family to Ochlocknee where he grew up because his southern Florida business interests kept him away from home so much, and he wanted the association with his sons that could be achieved at a more thoughtful pace."

"In the ten years since that time, the family have worked at community undertakings, supported local projects, participated in the Beverly agricultural ventures, and the boys and their father have had uncounted wonderful hours in the fields. As Joe said, "Our greatest interest is in shooting and we are in the woods from sunrise to sundown during the season."

"The boys and their father have fished the neighboring ponds, roamed the woods, camped out and put in many a hot summer day on the farm, feeding steers, tending calves and making hay. At home, the boys primary responsibility has been keeping the lawn neat around the family's white frame home. Ken has that job now, and his parents never have to remind him to get out the mower."

"Mrs. Beverly's home is always clean, bright and welcoming. There are flowers from her garden, and the painting and china are of her own handiwork."

"On doors, Mrs. Beverly is the official greeter of the Ochlocknee Methodist Church, of which he has been a generous member. Mrs. Beverly has been president of her Sunday School for four years and superintendent of the Junior department for two years. Joe is a former president of the MYF and president of his Sunday School class. Ken is vice-president of his Sunday School class and a past president of the MYF."

"When the boys were in Ochlocknee, the Beverlys were members of the PTA, there, now they are members of Central High School PTA, where Ken is a senior. Mr. Beverly is a 2-year treasurer of the Central Booster Club and a member of the Thomasville Touchdown Club. She was worship chairman of the PTA for two years and room mother for her son's classes."

"Joe, who was Mr. Central High" the year he graduated, was president of his class, president of the Beta Club and a member of

the T-Club. He is completing his work at the University of Georgia this spring, majoring in finance and banking. He is secretary of Sigma Chi and has a B average for his four years work, winning recognition with the top five percent of his freshman class."

"The youngest Beverly is co-captain of the CHS football team, president of the Block C Club, vice-president of his home room and of the senior class at Central, where he was voted cutest boy in the superlatives. He is a member of the President's Club and sergeant at arms of the Key Club. He plans to spend the next four years at Georgia (University), probably following his brother in studying financing."

"Their father credits the local Fat Cattle Show with having a good bit of influence in keeping the family together. He is active in the Thomas County Livestock Association and the Thomas Farm Bureau, and was sales chairman for the recent Fat Cattle Show. Ken, a member of the Future Farmers of America, showed the Grand Champion Steer, this year, and his brother has the reserve Champion Steer, a few years ago."

"Interest in the things his boys like led Mr. Beverly into several local projects: finance chairman of the county wide Boy Scout fund drive; participated in the fund drive for the Ochlocknee swimming pool, and holds a membership in the Thomas County Youth Board. One of his first undertakings in Thomas County was the job done on the Archbold Memorial Hospital expansion program. He was chairman of the district that showed the top returns in the County and Mrs. Beverly was one of his best workers. He is now a trustee of the hospital; a director of the Bank of Thomas Co.; Thomasville, Thomas County, Chamber of Commerce; farm products marketing chairman of the Thomas County Development Board; member of the advisory board of the American Family Life Insurance Co., and the 10th district of the Democratic executive committee."

"Mrs. Beverly directed the Ochlocknee March of Dimes for six years; was active in the Crippled Children drive for three years, and participated in the work of the Meigs Home Demonstration Club, of which she was a former president, the Thomasville Woman's Club, and the Carrousel Garden Club. In 1962, the Woman's Club nominated her for "Home-maker of the Year", and the Home Demonstration Club named her co-title holder of its "Woman of the Year" honor. She is secretary of her Garden Club, and a willing worker when rose and time rolls around, and the Ochlocknee's float is being prepared."

"In nominating the Beverlys for the Family of the Year, the Home Demonstration Club commended them as a family thing in today's world, is a family whose main object is to create and maintain a wholesome and a close knit unity. The Max Beverly family is one such family."

## a Sugarplum for the Glades!

Ask anyone. They'll tell you that the Glades region has the blackest, richest, most fertile farm land you'll find anywhere. During the winter season, Glades farms yield 25,000-30,000 carloads of fresh vegetables—enough to grace tables all over America. And now, the sugar cane industry is bringing new prosperity to the finest farm region in Florida!

Here are the street statistics:  
150,000 acres now planted in sugar  
Two new sugar mills completed

- Four additional mills under construction
- Total investment — \$120,000,000
- Estimated future need for 12,000 employees, with annual payroll in excess of \$18,000,000

Southern Bell is extremely proud to be a part of this vital and productive region, which indeed is "Growing with the Future!"

## Lake Division Up Before Legislature

Despite the objections of a Palm Beach County legislator, a bill to take most of Lake Okechobee away from Palm Beach County and divide it among four smaller counties, went on the House Calendar Monday.

Before the House General Legislative Committee approved the measure, 7-1, Rep. Emmett S. Roberts, tried to get it further assigned to the Finance Committee.

tee, but was shouted down on the House floor.

Col. Harry Johnston, Palm Beach County attorney and County Commissioner Lake Lytal spoke against the bill. Johnston said that Palm Beach County would lose 20 per cent of its annual gas tax monies, which would affect future road building.

Jay Nason, small son of Mr. and Mrs. Richard Nason, Pahokee, returned home Saturday, after undergoing surgery in Tampa, last week.

# C. A. THOMAS CHAIRMAN BANK OF BELLE GLADE BOARD

**Former Orange Park, Florida, Banker Is Named President of New Institution. He Comes to Glades Highly Recommended By Former Associates; Eleven Directors Named To Handle Business of New Bank; Those Named Are Among Outstanding and Successful Business and Professional Men Of the Entire Area.**

In an organizational meeting held last Thursday night the BANK OF BELLE GLADE named new officers and made plans for a site for erection of the new financial institution. C. A. "Mutt" Thomas of Lake Harbor and vice president of South Bay Growers was chosen chairman of the board when 26,250 out of 30,000 votes were cast in the meeting.

Mr. Thomas is a long-time resident of the Lake Okechobee Region and is classed among the region's most successful growers, processors and shippers. As chairman of the board of the new bank he will lend dignity and financial security to its operation.

E. B. McDaniel, who had been brought to this area from North Florida, to head the bank as president was elected to that position by unanimous vote at the organizational meeting. Mr. McDaniel is a banker of wide experience. Only recently he headed the bank at Orange Park in Clay county, Florida, just south of Jacksonville. There he was associated with Walter G. Odum, now majority stockholder in the bank, who was lavish in his praise for Mr. McDaniel as a banker.

The 11 directors of the bank chosen at the meeting follow: Robert D. Apelgren, James A. Ball, Jr., Joe Tom Boynton, John Henry Logan, Robert E. Mathews, Mr. McDaniel, Billy Rogers, Larry Royal, Claude L. Shirley, Sr., Mr. Thomas and George Wedgworth. The directors are a cross-section of the area's most successful business and professional men.

## Peak Corn Season—

(Continued From Page 1)

"steady supplies through most of May, no oversupply at any time."

"The weather, of course, has caused this happy situation," explains Whittemore. "There's been no disastrous cold since the first of the year to cause everyone to replant at the same time." This has been a problem many times in the past since all the corn then matures about the same time, causing oversupply.

Volume is expected to begin tapering off about the last week of May with "good supplies" through the first week or 10 days of June.

A great deal of satisfaction was expressed with the spring corn deal. Demand has been "good throughout" with demand exceeding supply at one point.

The dark spot this season has been transportation complications created by the Florida East Coast Railway strike. To alleviate the problem, some shippers are using piggybacks and others are leasing trucks to haul the crates of corn to rail terminals at Indiantown and Clewiston.

## Roswell Harrington Honored By Church

A. R. Harrington was given recognition for his years of diversified service to the church in a "this is your life" ceremony at the Canal Point Methodist Church, Sunday, with the pastor, Rev. Robert A. Shelley in charge of the program.

Mr. Harrington who was presented with a gift, has served for 27 years as church treasurer, is chairman of the board of stewards, is teacher of the Men's Bible Class, has served on many commissions, and has been a delegate to annual conference for many years.

## Retarded Children Get Helping Hand

County Commissioner this week gave their support to a move to gain state funds to build a rehabilitation center in South Florida for mentally retarded children.

The board adopted a resolution calling on the legislative appropriations committee to make funds available for a center to be called Sun Lands Training Center to be built somewhere in South Florida. The resolution pointed out that 1,000 youngsters are now waiting to enter such a school and that 55 more children are making such applications each month.

## Building Inspectors Will Be Deputies

County Commissioners learned this week there is a lot of unauthorized construction work going on in the county by firms and individuals who slip in over the weekend and do the work and then move out before the county building department can stop them.

The construction jobs were described as erection of pre-fabricated screening around pools and patios, awnings and other light jobs.

County Engineer George Frost said he believes contracts for the jobs are handled through the mail and he said the outsiders are operating without occupational licenses or building permits.

The commission, on a dissenting vote of Commissioner Paul Rardin, voted to have a building inspector deputized in order to crack down on the violators.

Rardin said he felt the building inspectors had enough power at the present time to take appropriate action.

## Mike McCall Wins—
